DETAILED ACTION

Election/Restrictions

1. Applicants' election without traverse of Species I, i.e., claims 1-6, 8, 9, 14 and 16 in the reply filed on January 24, 2005 is acknowledged.
2. Claim 15 is withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on January 24, 2005.

Priority

3. Applicants indicated the submission of the foreign priority document in the letter that was filed on March 21, 2005. However, the letter filed on March 21, 2005 was not signed by the applicants' attorney/representative. In addition, the priority paper supposedly filed on March 21, 2005 could not be found in the record.
4. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Japan on January 31, 2001. It is noted, however, that applicant has not filed a certified copy of the 2001-023847 application as required by 35 U.S.C. 119(b).

Double Patenting

5. The nonstatutory double patenting rejection is based on a judicially created doctrine grounded in public policy (a policy reflected in the statute) so as to prevent the unjustified or improper timewise extension of the "right to exclude" granted by a patent and to prevent possible harassment by multiple assignees. See *In re Goodman*, 11 F.3d 1046, 29 USPQ2d 2010 (Fed. Cir. 1993); *In re Longi*, 759 F.2d 887, 225 USPQ 645 (Fed. Cir. 1985); *In re Van Ornum*, 686 F.2d 937, 214 USPQ 761 (CCPA 1982); *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970); and, *In re Thorington*, 418 F.2d 528, 163 USPQ 644 (CCPA 1969).

A timely filed terminal disclaimer in compliance with 37 CFR 1.321(c) may be used to overcome an actual or provisional rejection based on a nonstatutory double patenting ground provided the conflicting application or patent is shown to be commonly owned with this application. See 37 CFR 1.130(b).

Art Unit: 2823

Effective January 1, 1994, a registered attorney or agent of record may sign a terminal disclaimer. A terminal disclaimer signed by the assignee must fully comply with 37 CFR 3.73(b).

6. Claims 1-6, 8, 9, 14 and 16 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 13-24 of U.S. Patent No. 6,677,183 in view of Omi et al. Sakagauchi et al. (US/

7. Claims 1-6, 8, 9, 14 and 16 are provisionally rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 13-24 of copending Application No. 11/100,605. Although the conflicting claims are not identical, they are not patentably distinct from each other because of the following reasons:

Re claims 1-6, 8, 9, 14 and 16, the subject matter of the instant application claimed invention is essentially claimed in the claimed subject matter of the co-pending U.S. Application No. 11/100,605. Although the wordings of the conflicting claims are not identical, the scope is similar.

This is a provisional obviousness-type double patenting rejection because the conflicting claims have not in fact been patented.

Response to Arguments

8. Applicants' arguments with respect to claims 1-6, 8, 9, 14 and 16 have been considered but are moot in view of the new ground(s) of rejection necessitated by the amendment filed on March 21, 2005.

Conclusion

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
